

Dream Home Design Worksheet

To begin planning and budgeting your dream home, you'll need to develop a vision for what your home will look like and how you will need it to function. This worksheet is a great way to start nailing down the details of what you "want," what you "need," and those "nice-to-have" features you'd like to add if your budget allows. Make note of any optional features with an asterisk(*) so you can start prioritizing!

Approximate Square Footage (Excluding Basement): _____

Number of Bedrooms: _____

Number of Bathrooms: _____

Garage Stalls: _____

Basement: (Circle One) Finished or Unfinished

Smart Home Technology: Yes or No
